Portfolio: <https://github.com/hardeepsinhraj.github.io/>

Personal Profile:

Creative and innovative interactive UX/UI designer, skilled in designing and developing dynamic web applications with a focus on user-friendly design and accessibility. Seeking a challenging web design or development position where I can leverage my expertise in HTML, CSS, JavaScript, and web frameworks to deliver engaging and intuitive digital solutions. Eager to contribute to innovative projects within a collaborative team environment while continuing to grow professionally in the web and tech industry.

Education:

Interactive and Media Design-web (2024/09 - 2026/04)

Georgian College, Barrie, Ontario, Canada.

- Developed expertise in creating innovative, interactive web applications using current web, graphics and internet technologies.
- Gained hands-on experience with HTML, CSS, JavaScript, APIs, and web frameworks to design user-friendly and accessible web solutions.
- Focused on human-computer interaction principles and best practices to deliver responsive and captivating user experiences.
- Demonstrated proficiency in completing collaborative projects, budgeting, planning, and presenting professional interactive media projects.
- Developed dynamic websites and mobile applications with an emphasis on creativity, critical thinking, and sustainable practices.

Key learning outcomes:

- Effective in both individual and Team-based projects.
- Proficient in developing rich media content, dynamic websites, and mobile apps.
- Experienced in interactive media project management from conception to deployment.
- Strong understanding of user experiences design and ethical online practices.

GPA : Semester 1

- Passed with **84.16%** **[Georgian College Dean's Honour List for the Fall 2024 Semester]**

Work Experience:

Junior Graphics Designer (2023/08 - 2024/06)

Sanket India, Anand, Gujarat, India.

- Collaborated with the design team to create visually compelling graphics for both digital and print media, ensuring brand consistency and aesthetic quality across all projects.

- Designed promotional materials, including brochures, banners, social media posts, and infographics, to support marketing campaigns and product launches.
- Utilized industry-standard software such as Adobe Illustrator, Canva, Figma, Photoshop, and InDesign to develop creative concepts and produce high-quality visual assets.
- Assisted in the development of user interface (UI) elements for web applications, ensuring a cohesive and engaging user experience.
- Participated in client meetings to understand project requirements and translate them into effective design solutions.
- Managed multiple projects under tight deadlines, ensuring timely delivery and adherence to client specifications.
- Worked closely with developers and marketers to align design objectives with business goals, enhancing the overall effectiveness of campaigns.
